liver, several kinds of cheese

(Roquefort, Gorgonzola, portuguese

cheeses)

Description: A high quality 20 year old Port wine

from the upper Douro in the North of Portugal. For this Port only blends with a certificate of age are used. The long maturation and aging in

barrels gives the typical

characteristics to this Port with also an intense woody taste and an amber appearance. Fleshy and complex on the palate. Very long

and beautiful finish.

The SILVA REIS Port has won serveral medals because of its continuous quality. SILVA REIS is known as one of the best brands on the market. No wonder that owner Manual José da SILVA REIS has given his name to this excellent Port.
