Serve with:	aperitif, dessert
Description:	<p>If you thought Madeira could only be used in the kitchen for cooking, you are wrong! This fine 10 years old Madeira from Justino Henriques proves the opposite.</p> <p>Justino's Old Madeiras are created from a mix of local red grape varieties, predominantly of Negra Mole. The blend is made of a number of wines who have showed excellent promise when young, and which have spent at least 10 years casks before being bottled. In general they are classified according to the level of sweetness in the wine and sold as different types. The Verdelho Madeira has a clean and glossy attractive amber colour. Hints of dry fruits in the nose and a touch of freshness which then comes through in the mouth. A tendency towards medium sweet, but well balanced with excellent acidity and with a long pleasant finish.</p>
